

Glycerine Filled Pressure Gauges

Stainless Steel liquid filled pressure gauges provide the corrosion resistance and durability of a permanently sealed gauge. Designed for severe service applications

- Details:** Case: AISI 304 Stainless Steel
- Nominal Size:** 63mm
- Connection:** BSPT / NPT / BSP Pl.
- Accuracy:** 1.5%
- Scale:** psi / kPa Dual Scale
- Ranges:** 35 – 10,000 psi
